

MEDCO FORUM[®]

PRESENTING INNOVATIVE PRODUCTS & SERVICES TO HEALTHCARE PROFESSIONALS

Medco forum Presents: Grifols

Founded in 1940, Grifols is comprised of several companies, serving health care professionals and patients in over 90 countries. "Working for Health," Grifols researches, develops, manufactures and markets high quality plasma derivatives, IV solutions, enteral nutrition, in vitro laboratory diagnostic products, and a wide range of non-biological hospital products worldwide. Please stop by booth number 519 at the American Academy of Allergy Asthma and Immunology to learn about our newest product.

Edwin J. Cohn and Jose Antonio Grifols at the presentation of the plasmapheresis technique, Lisbon 1951
