PRESENTING INNOVATIVE PRODUCTS & SERVICES TO HEALTHCARE PROFESSIONALS

To celebrate the 2017 increase in Spirometry Reimbursement, Jones Medical is offering a **Free Reimbursement Guide** and **50% off all spirometers.**

Limited offer to the first 50 customers to call and order

Based on the just released Medicare Fee Schedule for 2017, the national average reimbursement amount for the major spirometry CPT code has increased again! Download your Free Reimbursement Guide below to review the new amounts.

In celebration of the 2017 increase, we're offering a 50% discount on all Jones spirometers to the first 50 customers. To receive your 50% discount on today's most popular spirometers; either the [Satellite Plus](#) or [Satellite/Base Station](#), simply call us at 800-323-7336 by January 31, 2017. This limited offer is only available to the first 50 customers.

If you're considering adding spirometry testing to your practice or need to replace an old spirometer, your timing couldn't be better. Don't miss this opportunity to revitalize your practice by providing more efficient, cost-effective, and user-friendly spirometry testing at half the price!

We've been supporting the spirometry needs of health care providers for three generations, longer than anyone in the world. Put our experience and expertise to work for you today.

"Our new Jones spirometer arrived at 10am, by noon we had already tested two patients. As advertised, it can be used right out of the box", said Dr. Hedges, a Jones Medical customer.

Terms & Conditions
