## **NasalCEASE<sup>®</sup> – STOPS BLEEDING Fast and Easy**

### *Both Nosebleeds and Topical Bleeding*

NasalCEASE<sup>®</sup> is approved for over-the-counter sale to quickly and easily treat bleeding, both nosebleeds and topical bleeding, regardless of the cause. NasalCEASE is a unique natural polymer which releases calcium (coagulant) when coming in contact with blood. The polymer is highly absorbent and doesn't stick to and/or tear newly formed clots upon removal. As a totally natural product, NasalCEASE has no side effects, nor contraindications with other medications. Your patients with bleeding issues will quickly discover the efficacy and convenience of NasalCEASE and how it will allow them to quickly get back to what they were doing when bleeding occurs.

NasalCEASE patient samples and literature are available for your practice. The company wants you to discover the benefits of NasalCEASE as many of your peers already have. NasalCEASE has become the # 1 doctor recommended treatment for stopping bleeding, both nosebleeds and topical bleeding. Below you will see how you can request NasalCEASE patient samples and literature with money saving coupons today. NasalCEASE is sold in boxes of five sterile pouches and has a suggested retail price of \$11.49 per box. NasalCEASE is stocked by many retail pharmacies around the country. NasalCEASE can be ordered for next day pick up at the pharmacy counter of all major chains. The company will provide you with stocking pharmacy information near your practice when shipping you patient samples.

The NasalCEASE Company would also like you to be aware of the recently introduced BleedCEASE<sup>®</sup> product. BleedCEASE is the same great product as NasalCEASE packed in economy packs of 25 and 100 sterile pouches. The economics of BleedCEASE are ideal for patients with chronic bleeding issues as well as for use within your practice. **Call 1-800-650-6673 to learn how to get new BleedCEASE!**
