We help our HCV patients stay on course  
with an adherence rate over 95%.

**99%**

SATISFIED  
PATIENTS<sup>3</sup>

We have a 99% patient  
satisfaction rate.

**24/7**

SUPPORT

We're here when you and  
your patients need us.

## WE'RE FOCUSED ON EACH PATIENT.

We can help provide patients access to medications that can treat or even cure hepatitis C.

### LIVE REFILL CALLS

We believe that communication is key to keeping patients on track.  
That is why we contact each patient for refills, gaining valuable  
information and reinforcing treatment.

### TRACKING

We've developed sophisticated tracking systems to help  
view the larger patient picture. We invite you to ask us  
about these invaluable tools against hepatitis C.

### INFORMATION SHARING

We also believe in communication with prescribers. We'll gather  
updates from the patient and report them back, including health  
issues, lab results, side effects and more.

### CLICK TO CHAT

Your patients can chat online with one of our pharmacists or pharmacy  
staff with any questions, concerns or issues that may arise  
from their medication.
