

## Visit us at AUA 2017 Exhibit Booth Space 2112

**The Problem: Ball tip not withstanding laser lithotripsy**

**The Solution: Scopesafe Fiber with Soft Tip™**

- ✓ No significant tip degradation
- ✓ Multiple passes through scope
- ✓ No need to strip fiber
- ✓ Pin stone safely
- ✓ Reduces mucosal trauma
- ✓ Reduces digital interference

***The Soft Tip Succeeds Where the Ball Tip Fails.***

ScopeSafe laser fiber with Soft Tip is a trademark of Optical Integrity. Patent pending.
