

## OrthoLazer Launches Orthopedic Laser Franchise Opportunity

Founded by the original opioid-sparing Surgeon Scott A. Sigman, M.D., [OrthoLazer Orthopedic Laser Centers](#) are expanding across the U.S., presenting a unique franchise opportunity for entrepreneurial orthopedic professionals. OrthoLazer's clinically validated, non-invasive, drug-free approach offers a new revenue stream using breakthrough technology that provides patients with non-operative and nonopioid treatment options for chronic pain and injury.

The OrthoLazer "business-in-a-box" franchising system provides franchisee partners with everything from real estate selection and staff recruiting services to a completely designed and delivered branded OrthoLazer Center.

*It's almost like pushing a button, and you're ready to go in a short period of time. And the applications for this technology are broad enough that it fits well with any orthopedic specialty or practice.* – Wallace Huff, Jr., M.D. & O.C., owner, OrthoLazer Center, Lexington, KY.

OrthoLazer centers use the state-of-the-art MLS M8 Robotic Orthopedic Therapy Laser, which can safely and effectively treat the pain and inflammation associated with a wide range of conditions, including arthritis, back pain, neck pain, shoulder pain, sprains and strains.

OrthoLazer is an exclusive business opportunity for select orthopedic surgeons to generate passive income while offering patients an effective, alternative pain management option to treat acute and chronic orthopedic conditions.
